

COMMUNITY UPDATE

A NEW AQUATIC CENTRE FOR CANUNGRA!!

**You spoke, we listened.
Thank you for the feedback.**

Over the past few weeks, we heard from residents about the need for better swimming facilities in Canungra.

Families told us the current single pool is too small, open for only part of the year and no longer meets the needs of a growing community.

In response, the Canungra North Strategic Vision will now include a new community aquatic centre. The early concept includes:

- Multiple swimming pools for all ages and abilities.
- A heated covered pool that can be used throughout winter.
- A kids water play area.
- Spaces designed for learn-to-swim programs and community use.

This new facility has been added because the community asked for it. It reflects your priorities and supports a healthier, more active lifestyle for local families.

Thank you for helping shape the next stage of the plan.

We will share more details as work progresses.

Canungra North. Created with community input.
